## Dates to Remember

- June 19: Last Day of Classes
- June 21: National Indigenous Peoples Day
- June 28: Professional Development Day, No School

Dear Laker families,

Four full school days remain prior to final exams and tutorials. Please encourage your child to attend all their remaining classes to ensure they are receiving structured review to set them up for success on their exams.

We have many teachers dedicating evenings and weekends to prepare students for their final exams. Students must attend all tutorials scheduled within the school day and are highly encouraged to attend those outside of school hours as well.

The final exam and tutorial schedules can be found [here](#).

Locker cleanout is scheduled for tomorrow at 2 pm. Please have your child bring an extra bag to school tomorrow so they can easily transport their belongings home. Students will have access to their lockers until their last final exam. Students are to store their cell phones, backpacks, smart watches, and headphones in their lockers during their final exams as these items are not permitted in the examination rooms.

- Grade 9: June 20
- Grade 10: June 26
- Grade 11: June 27
- Grade 12: June 26

Lockers will be emptied and locks removed from lockers after the dates listed above.

If your child receives the accommodation of an audio file for their final exam, please remind them to bring wire headphones to their exam. Students are not able to use bluetooth headphones for their exams.

The last day for the canteen is June 19th. A huge thank you to all of our parent and student volunteers who supported us with the canteen this year. We could not have run our canteen without your help.

On June 21st, we will be celebrating National Indigenous Peoples' Day with cultural learning activities facilitated by our staff in the morning. These consist of activities such as stickball and lacrosse, a nature walk, bannock making, hand games, beading or watching a documentary. Please encourage your children to sign up [here](#). The event code is: **p3j3n**

Following the morning of celebration and learning, afternoon tutorials are scheduled for classes that have final exams from the 22nd-27th. The schedule for the day is as follows:
